

Fractions – Checkpoint Primary Math

1.

Lily eats $\frac{1}{8}$ of a cake.

Write the fraction of the cake that is left.

..... [1]

2.

Eva collects 24 eggs.
She sells 6 of these eggs.

Write the fraction of the eggs that she sells.

..... [1]

3.

Complete each fraction to make the statements correct.

$$3 \text{ is } \frac{\boxed{}}{\boxed{}} \text{ of } 12$$

$$8 \text{ is } \frac{\boxed{}}{\boxed{}} \text{ of } 16$$

$$18 \text{ is } \frac{\boxed{}}{\boxed{}} \text{ of } 24$$

[2]

4.

Shade the correct fraction of each of the diagrams.

$$\frac{2}{8}$$

$$\frac{4}{16}$$

[1]

5.

Write a different number in each box to complete the mathematical statement.

$$\frac{\boxed{}}{7} < \frac{\boxed{}}{7} < \frac{3}{7}$$

[1]
