

Numbers – Checkpoint Primary Math

1.

Here are some numbers.

10

20

30

70

90

Use **four** of the numbers to make the statements correct.

Write one number in each box.

+

= 100

+

= 100

[1]

2.

Draw a ring around the **two** calculations with the same answer as $24 + 32$

$24 + 3 + 2$

$20 + 4 + 30 + 2$

$3 + 8 + 32$

$32 - 24$

$10 + 14 + 32$

[1]

3.

A shop sells these items.

1 dollar

2 dollars

5 dollars

2 dollars 50 cents

Yuri buys three items from the shop.

He pays with a \$10 note.

Work out how much change he is given.
Show your working.

..... dollars and cents [2]

4.

A theatre sells 346 tickets for the Saturday show and 172 tickets for the Sunday show.

Work out the number of tickets the theatre sells for the **two** days.

..... tickets [1]

5.

Chen, Pierre and Hassan each run for two minutes.
The table shows the distances they run.

Runner	Distance in metres
Chen	300
Pierre	480
Hassan	610

Here is a number line that represents 800 metres.

Draw arrows on the number line to show the distance each child runs.
The first one has been done for you.

[1]

6.

Draw a ring around the number that is a multiple of 5

58

80

101

151

[1]

7.

Write down **all** the even numbers that are greater than 30 but less than 40

..... [1]

8.

Write **three hundred and six** in figures.

..... [1]

9.

Write a number in each box to make the statements correct.

$$400 + \boxed{} = 1000$$

$$\boxed{} + 520 = 1000$$

[2]

10.

Here are some numbers.

6

29

55

60

82

Draw a ring around the numbers that have a tens digit that is greater than 5

[1]
