

Time – Checkpoint Primary Math

1.

Five children measure the time it takes each of them to walk across the classroom. Here are some of the results.

Eva says,

Write a possible time for Eva to walk across the classroom.

.....seconds [1]

2.

Write the lengths of time in order from the shortest to the longest.

0.25 hour

17 minutes

 $\frac{1}{3}$ hour

600 seconds

.....

shortest

.....

.....

.....

longest
